The Carbon Benefits Project

Getting started and setting up a new project

To access the CBP tools go to:

www.carbonbenefitsproject.org

Choose ‘Access Tool’ from the top menu

This will take you to the tool home page. At the home page if you have not already set up an account click the Not Yet Registered? Link and set up an account. You will need to supply an email address and make up a password for your CBP account. You will need to check your email and click on a link in an email from the CBP administrator to activate the account before logging in.
Once logged in you should see this page:

Click on the Add New Project button. You should see this form:
An example of a form which has been completed for Exercise One is given below.

Fields with a * have to be completed. Once the form is complete, click on the ‘Create’ button at the end of the page. This should take you to the next page. Click on ‘Toolkit Advisor’
Choose **Simple Assessment** from the 'Select Modelling or Measurement Tools' page.

You should now be on the page below and be ready to start the Simple Assessment exercise. If you want to work in a different language click on the 'Language' toggle in the grey box in the top right hand corner.
